CRS Data Expands Coverage in California Greater Antelope Valley Association of REALTORS® signs with CRS Data

KNOXVILLE, Tenn. – July 12, 2016 – CRS Data, home to one of the nation’s largest public records tax services, has partnered with the [Greater Antelope Valley Association of REALTORS®](#) to deliver its [CRS Data MLS Tax Suite](#) to the association’s 1,800+ members. Through the agreement, the tax suite will be fully integrated with the association’s current MLS provider, FBS Flex MLS, to feed a range of property information, from adjustable comparables to scalable maps and prospecting tools.

“This is such an exciting time for CRS Data and the growth of our [CRS Data MLS Tax Suite](#), which our team completely overhauled last year to create a multi-dimensional product which delivers thorough, customizable data,” said Rob Williamson, director of sales at CRS Data. “Our customer experience team has been able to scale our services to ensure our new customers receive the exemplary level of care and response that our company is now known for providing.”

The three-year agreement ensures that members of the [Greater Antelope Valley Association of REALTORS®](#) can quickly and easily review property reports, adjust and tailor their settings to feed specific information and ultimately tap robust property

information to educate and support their clients through the purchase process. **FOR IMMEDIATE RELEASE**
