## **Southwest Virginia Association of REALTORS® Selects CRS Data Public Records Service**

### **Partnership includes 400 MLS members**

KNOXVILLE, Tenn. – August 28, 2013 – CRS Data, a leading provider of public record information for real estate, banker and financial professionals in the U.S., today announced a 3-year agreement with Southwest Virginia Association of REALTORS® as the association's real estate information source for public records, servicing its estimated 400 members.

"The Southwest Virginia Association of REALTORS® is looking forward to the numerous capabilities that CRS will provide for our members," said Lisia Amburn, RCE, CEO for the Southwest Virginia Association of REALTORS®. "Southwest Virginia is proud to be the first Virginia Association to utilize the CRS Data Real Estate Suite and their cutting edge technology, which will enable our members to service their clients more effectively and efficiently."

The Southwest Virginia Association of REALTORS® is recognized as the leading provider of real estate information services, data and education in Southwest Virginia. The addition will expand CRS Data's ability to service leading real estate agents in the area, ensuring end customers with more reliable data to support their home purchase decision.

“We are very excited to work with Southwest Virginia Association of REALTORS to provide dependable property data they can trust,” said Rob Williamson, director of sales for CRS Data. “As we expand across the country, we will continue to rely on our dependable customer service and data expertise to grow our customers’ business.”

Headquartered in Knoxville, Tenn., CRS Data currently provides access to comprehensive property data resources in more than 12 states and 400 counties. The company most recently expanded its data service to include 67 counties in Florida. Servicing bankers, MLSs, appraisers, investors, and other specialty financial customers, CRS Data is focused on providing accurate and timely property data, quality products and unparalleled customer satisfaction.
